COMFORT PROMISE

A good quality massage chair is an effective solution to help you recover from body aches and stress!

**SUPRIMO**  
THE ONLY CHAIR YOU NEED IN THE HOUSE

Do not recommend using massaging tools or massage therapy to replace conventional care, or postpone seeing a doctor about any medical problem.

# Ai INTELLIGENT VOICE CONTROL

What if you have to change something with the massage in the middle of the session?

You can simply pick up the built-in remote and make the necessary adjustments. However, that may disturb your relaxation, especially if you're already feeling comfortable with your position. Fortunately, there are now massage chair that allow hands-free control. This means you can adjust the settings with no movement; say the preset statements out loud through the built-in microphone.

## 6 Massage Techniques

Guasa

Knocking

Tapping

Clapping

Kneading

## “ZERO SPACE” 5CM SLIDE DOWN AGAINST THE WALL

Comparing 60-80cm that normal massage chair needs to slide down against the wall, it can **save 0.5 square meter space**.

Unique designed one button slide can open the massage chair completely about **5cm** against the wall. The sliding distance is **22cm**, it saves a lot of space that traditional massage chair needs against the wall!

Only need **5 cm**

## LED TOUCH SCREEN

7 inches super touch screen, equipped with iRest's new UI operate system, making the massage progress clear to be seen. Users can control the rhe massage program by one button.

## GET YOUR HAPPY LIFE BACK

### German Technology Breakthrough A Chair which Understands You

#### "SL" SHAPE CURVED RAIL

The guide rail of the backrest frame adopts curved guide rail technology, which completely conforms to the back of the human body and makes people enjoy a massage from the head to the thigh.

Multi Function 3D Massage: Kneading, Tapping, Knocking, Shiatsu, Air Bags, Heat Therapy, Auto Body Scan, Bluetooth Speaker and more.

#### LEG STRETCH

The lower leg frame is provided with a spring retractable adjustment function. The length for the user to stretch out his/her feet is dependent on his/her feet, and the user stretches back his/her feet by spring force.

Adjustable massage strength from gentle to strong for various needs. Extendable ottoman to cater different height of users.

#### SEPARATE LIFTING ADJUSTMENT

It is provided with a separate lifting adjustment function for the lower leg frame, linkage lifting adjustment function for the backrest frame, and zero-gravity automatic lying angle adjustment function.

## VOICE CONTROL

Intelligent voice recognition system makes it easier to control the massage chair to enjoy the comfort

### SYMPHONY FEEL THE HEART BEATS 3D Full Body Massage Chair

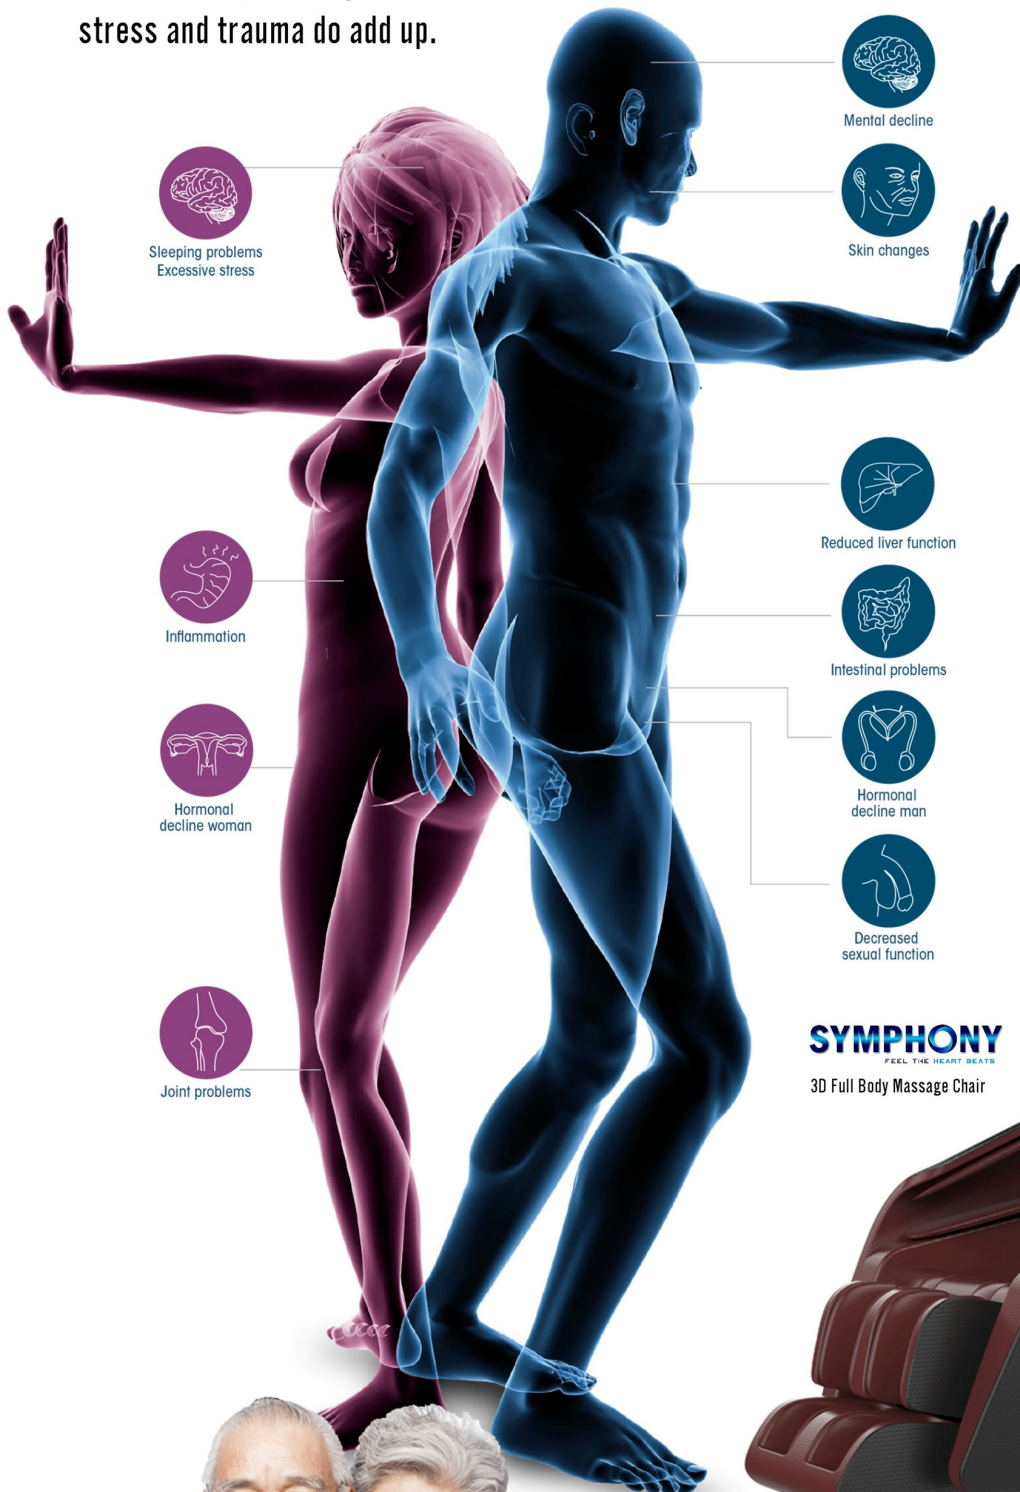

## ARE YOU DE-EVOLVING?

Like it or not, the daily effects of stress and trauma do add up.

**Konfo**  
COMFORT PROMISE

## WHEN WILL YOU FINALLY TAKE ACTION?

Regular massage addresses musculoskeletal deficiencies as it relaxes and stretches muscles making them more flexible and resistant to damage; encourages blood flow and oxygenation into the muscles and tissues that surround joints helping them to move with the joints more fluidly, provides nourishment to the tissues to help them heal, and improves the production of hormones that promote relaxation of muscles.

**SYMPHONY**  
FEEL THE HEART BEAT

3D Full Body Massage Chair

## REVERSE THE AGING PROCESS NATURALLY

As we age, joints in hips, knees, shoulders, and wrists can become stiff with arthritis; decreased circulation, lymphatic system and hormonal responses can cause heart, immunity and stress issues. Massage improves circulation, stimulates body's natural ability to repair itself. It fights cellulite and the swelling of veins. improving function, mobility and appearance.

4 PRESET AUTO MODES

MAKE TIME FOR MASSAGE

FITS EVERYONE IN THE HOUSE

**Enhance Mood**

Stimulates the brain to release endorphins that enhance mood by alleviating symptoms of anxiety, stress and depression.

**Aid Sleep**

Not only decreases pain and anxiety but also promotes relaxation in the body and mind - all of which aid sleep.

**Improve Recovery**

Increasing circulation to sore and injured tissues which decreases inflammation and stimulates cell function and repair.

**Better Heart Health**

Promotes circulation of lymph fluid resulting in lower blood pressure which improves blood function; helps reducing in heart attack, and strokes.

**Ease Aches & Pain**

Relaxes musculature and reducing nerve compression in addition to the releasing of serotonin by the brain, which is the body's natural pain-killer.

**Increase Mobility**

Loosening muscles and increasing circulation which improves overall performance and help to repair damage in sore areas of the body.

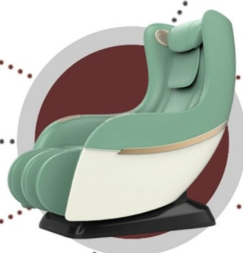

**Boost Immune System**

Stimulating lymphatic circulation which increases the activity level of the body's white blood cells that work to combat illness.

**Correct & Maintain Posture**

Relaxing muscles tension made by bad posture, allowing body to position itself in its natural and pain-free alignment.
